

Reflexology

This 21 hour course offers reflex techniques for vitalizing the whole body with emphasis on activating the channels of elimination, drainage of the lymphatics and detoxification of metabolic wastes stored in the tissues of the feet, organs, glands and nervous system. Reflexology involves distal stimulation on the feet, hands or ears to release metabolic wastes that impede the nerve terminals in the feet and hands. Students will also learn: the importance of detoxifying metabolic wastes stored in tissues of the body, and adjunctive measures to support detoxification, magnesium absorption, immune support and relaxation. Treatment adjuncts include: a Liver Flush, Polarity Tea, Fresh juices, Essential oils, Hydrotherapy and Epsom salt foot bath.

"I incorporate Reflexology into almost every modality I offer at the Spa and in my private practice. We have had so much positive feedback from guests that Reflexology has become a standard part of our Ayurveda treatment protocol. Reflexology enhances every massage experience. Clients respond with increased vitality and come back asking for more."

-Randi Sharp, 550 hour grad and Lead Therapist for the Ojai Valley Spa

2023 Class: January 13 (Fr) 5-9 pm

January 14, 15 (Sat/Sun) 9:30 -5:30 pm
